Challenges QTC Infotech Solved

Key execution points handled while building the XNG Learning Solution e-learning presence.

The Challenge

Unstructured content made it hard for learners to find the right courses.

Clear Content Organisation
Well-categorized, easy to explore learning paths.

PC24

Learning experience was inconsistent across different devices.

Responsive Multi-Device Design
A seamless experience on mobile, tablet and desktop.

Services and key information were hard to navigate.

Simple Service Navigation
Clear menus and intuitive pathways.

The platform lacked a sense of credibility and trust.

Trust-Focused Layout
Professional, authentic and learner-centric design.

The course structure was limited and not built for future growth.

Scalable Course Structure
Flexible architecture to support new courses and learners.

The learner journey felt complicated with too many steps.

Clean User Journey
A simpler, faster path from exploration to enrolment.

Result:

A polished e-learning platform ready for growth.

ANYONE
ANYTIME
A BRIGHTER
TOMORROW
